tentang kami

PT Optima Jaya Persada berdiri pada tahun 2022. Sebagai perusahaan yang bertekad untuk terus berkembang, kami berkomitmen untuk menjadi perusahaan yang menyediakan solusi lengkap untuk kebutuhan spare parts dan peralatan penunjang produksi dari berbagai sektor industri, mulai dari usaha skala kecil, sedang, hingga skala nasional.

Kami bekerja secara profesional dengan berpedoman pada standar kerja lokal dan internasional. Hal ini kami lakukan untuk mempertahankan mutu serta kinerja yang baik demi setiap pelanggan dan rekanan kami.

Kami tumbuh dan berkembang di Indonesia dengan mendapatkan kepercayaan dari beberapa brand ternama, serta didukung oleh para anggota tim kami yang penuh dedikasi.

VISI

Menjadi partner terpercaya dan preferable dalam menawarkan solusi dengan produk original dan harga yang kompetitif

MISI

- Menyediakan produk bermutu, asli, dengan harga kompetitif untuk memastikan kepuasan pelanggan
- Menjaga kualitas & mutu layanan kami
- Memberikan respons cepat terhadap kebutuhan customer

nilai-nilai kami

Integritas

Kami percaya bahwa kejujuran adalah aset terbesar untuk mendapatkan kepercayaan serta membangun budaya perusahaan yang sehat.

Komunikasi

Kami memahami bahwa komunikasi dimulai dengan mendengarkan, memahami berbagai sudut pandang dan peduli terhadap pendapat orang lain.

Inovasi

Dengan inovasi tanpa henti melalui support dari para principal brand, kami akan selalu dapat memberikan solusi bagi kebutuhan pelanggan yang dinamis.

Adaptasi

Adaptasi memungkinkan kami untuk terus bertahan dan bahkan semakin berkembang di dalam dunia kerja.

Solusi

Kami percaya bahwa setiap permasalahan memiliki jalan keluar, oleh karena itu fokus pada solusi menjadi kekuatan kami dalam berbisnis.

produk dan layanan kami

Kami memberikan layanan dan support untuk dunia industri khususnya alat-alat pneumatic, hydraulic, monitoring system, instruments, serta berbagai perlengkapan industri lainnya, didukung oleh berbagai brand terkemuka di bidangnya.

Selain itu kami juga menyediakan layanan valve yang meliputi inspeksi, repairing, hingga testing/reports.

System

Our world-class product portfolio includes Norgren, Bimba, Buschjost, FAS, Herion, Kloehn, Maxseal. Having proven their value over the years, they stand amongst the most trusted manufacturers of pneumatic and fluid control products.

Because of this we're able to help our customers solve the world's greatest engineering challenges - reliably, safely and efficiently.

AIR PREPARATION

SOLENOID VALVE

REDUNDANCY SYSTEM

Since their founding in 1931, Dwyer Instruments has established themselves as an industry leader in the manufacturing of instrumentation solutions for the HVAC and Process Automation markets.

PRESSURE

MAGNEHELIC® SERIES

FLOW

Flow transmitters, flow sensors, flowmeters, sight flow indicators, and water meters

TEMPERATURE

Transmitters, thermostats, digital panel mount, limit switches, mechanical switches and thermometers available in dial, spirit filled, or digital.

LEVEL

Bin vibrators, pump controllers, level indicators, level switches, submersible level transmitters, water leak detectors

Complete drive solutions from a single source

Intelligent drive solutions with a maximum number of application options: This has been NORD's motto for over 50 years. Today we are one of the global leaders in the industry – the result of modern in-house production down to the smallest detail, complete quality control and strict orientation to customer requirements. Perfectly matched components ensure the perfect fit, flexibility and durability of our gear unit solutions. Profit from a complete range of drive technology, which includes gear units, electric motors, industrial gear units, frequency inverters and motor starters for central and decentralised drive control.
